

Security Trends in the Digital Era

Feb. 24-26, 2025 | San Diego, CA

Join us for an Exclusive Event in San Diego!

mDL Technology Showcase

February 24th at the Identity & Payments Summit

Mobile driver's licenses (mDLs) are revolutionizing the way we identify ourselves in the digital age and empowering people to ditch their physical wallets. It's a secure, contactless and privacy-focused identity credential for age verification, traveling through TSA, online transactions and more!

mDLs are already available to 40% of the U.S. population and it's growing every day.

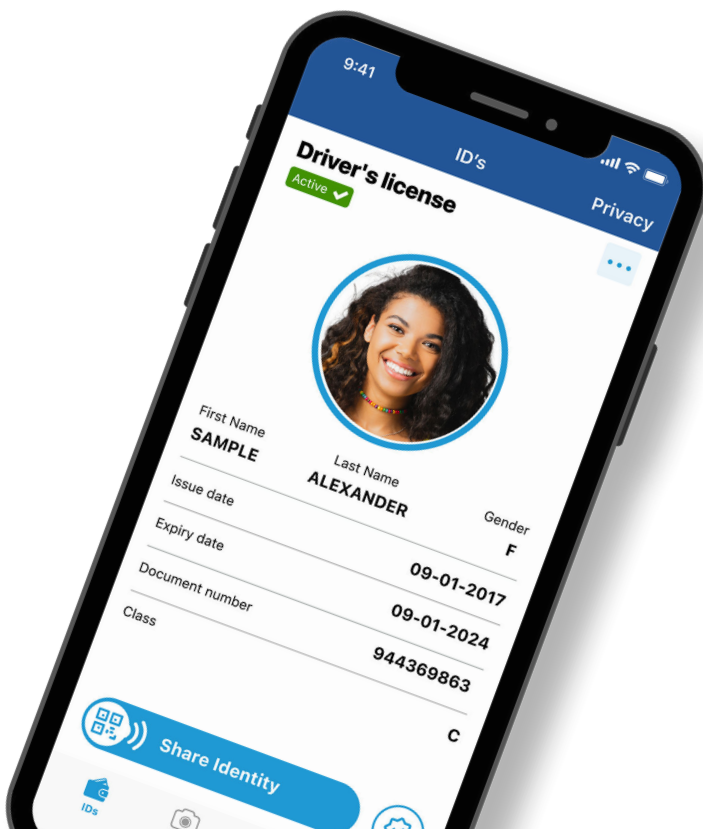

The Secure Technology Alliance is celebrating this momentum with a special event, "mDL Technology Showcase." The exclusive, ticketed event is

happening at the 2025 Identity & Payments Summit. Register to get an up-close look at real-world mDL demonstrations and network with the nation's leading experts in digital identity and security.

Use Cases to be Demonstrated:

- Banking & Financial Institutions
- Alcohol Age Verification
- Mobile Onboarding/IDV
- Casino/Gaming
- Retail & Payment

Come Join Us in This Showcase (space is limited)
